

# STATES OPPOSE NEW RATES IN ARCANUM

Revolt Against the Increased  
Schedule Has Become  
Widespread.

A plan to overthrow the new rate schedule of the Royal Arcanum has been formulated and will be presented at the convention of the representatives of the councils of this city to be held in the Grand Central Hotel, Bedford street, Brooklyn, on Wednesday night.

The plan as outlined is for the meeting to call upon the regents of all the councils whose representatives are present, to insist upon the Grand Council to meet, and then, with the aid of Michigan, Massachusetts, Illinois, Pennsylvania, Connecticut and New Jersey, in which States the feeling against the new rates is rampant, to enter upon the Supreme Council record, and re-considering the new rate schedule.

From reports received by The Evening World from all over the country the subordinate councils are determined to make their protest against the new rates effective. They will not see the old members of the order crowded out at the time they need the protection they paid for.

Other Cities Heard From.  
Already the efforts of protesting Arcanumites have brought results. Despatches from Boston say that the Executive Council of the Royal Arcanum has become alarmed at the continued spread of the revolt throughout the United States. Telegrams have been sent by officers of the order in numerous States to the supreme officials, stating that all subordinate councils strongly oppose the rate increase.

Chicago sends word that the revolt has taken firm hold there and throughout Illinois. At a meeting of the various councils of Chicago to discuss the new rates the disorder was so great that the gathering broke up without anybody being much clearer on the subject.

From Pennsylvania comes the same news. Unless the Supreme Council recedes from the step it has taken increasing the rates of the order men in the organization it is more than probable that all of the councils of the order in Western Pennsylvania and probably in the entire State will secede and form a separate organization. The councils are in fighting condition and are appointing committees to meet in convention. The Grand Council of Pennsylvania will be ordered to meet and call for the reconvening of the Supreme Council to revise the rate schedule.

Michigan is doing likewise. There the councils have already denounced the new rates and have taken suitable action to have their Grand Council join with the other revolting States to compel the Supreme Council to reconsider their action.

From all the other States in which the Royal Arcanum has active members the same story comes. A story of revolt, threats and ultimate action. The following letter explains itself:

Letter from a Member.  
To the Editor of The Evening World.  
In your article of the Evening World Thursday, June 23, in reference to the action of the Supreme Council in increasing the rates in the Royal Arcanum, M. C. Rowley, a member of this body, says that the members between the ages of twenty and fifty received less in premiums than those between the age of fifty and over. He says he bases his assertion on a table prepared by the Executive Board of the order.

In the June number, pages 10 and 11, of the Royal Arcanum Bulletin, members of the different councils will find a tabulated statement of deaths proven during May, 1905, which, if they will study carefully, will show the following result: Of the deceased members who were admitted to the order between the ages of twenty and thirty their beneficiaries received \$14,000, paying in premiums \$13,000, or 91.4 per cent. of the beneficiary.

Of those between the ages of thirty and forty, their beneficiaries received \$21,000, paying in premiums \$23,000, or 91.3 per cent. of the beneficiary. Of those between the ages of forty and fifty, their beneficiaries received \$26,000, paying in premiums \$28,000, or 92.9 per cent. of the beneficiary. Of those between the ages of fifty and over, their beneficiaries received \$10,000, paying in premiums \$11,000, or 90.9 per cent. of the beneficiary.

In connection with this I would mention a few instances found in the report, J. L. Lumsden was admitted to the order in 1881, at the age of thirty years. His benefit certificate was for \$500, for which he paid in premiums for twenty-four years \$80.36. I also found that out of a number of the members who took the lowest certificates had paid considerably over \$500, also a goodly number had paid very near \$500 that their beneficiaries might receive \$500. Where did the surplus go to? To the younger deceased members, as the report will show, and as I found, viz: J. M. Miller, admitted to the order in 1881 at the age of twenty-seven years, his benefit certificate being for \$500, paid in premiums for sixteen years \$178.18. Other similar cases can be found in the report.

Larger beneficiaries I found: J. Weaver, admitted to the order in 1881 at the age of fifty-seven years, his benefit certificate being for \$500, paid in premiums for sixteen years \$178.18. Other similar cases can be found in the report.

Taking this report as a basis, I have come to the conclusion that the Royal Arcanum has been established by those the council would like to throw out. I am sure that the plan is to give in your valuable paper for the benefit of the members.
